Advertising for unique donor .....cost of ad

Balance of Administrative Fee due for Drafting of Contract. \$3,800 (local) or \$4,300 (international or Out-of-State)

My protocol is as follows: advertise for donors, screen and educate regarding the procedure over the phone, analyze health history form, face-to-face interview with donor, coordinate donor’s psychological screening by a licensed mental health professional (interview and possibly PAI), if requested arrange meeting with donor and couple (on a first name basis), upon receipt of administrative fee contract is drafted , upon execution of contract and balance of fees collected donor is referred to IVF program for medical screening (blood testing for infectious diseases, physical exam, pap smear) and consultation, liaison with the couple, donor and IVF program until retrieval, donor is paid after retrieval. There are approximately forty donor applicants in my pool at varying stages of availability. New donor candidates come in to our pool on a weekly basis.

At your convenience, I would be happy to discuss further details of my practice with you. I hope that this information is useful and I look forward to working with you.
